Hi Ali,

Please see the attached. I am so sorry this was missed when we posted the comment letters on the Authority's website. I will reach out to Quin and make sure this gets posted as soon as possible.

Just a reminder - the Final EIR, which was posted to the website on November 2, 2023, does include both the MUSD comments and responses in Volume 4, Table 4-1.

Thanks,

Laurie

Laurie – Thanks for the super quick call on this. As we just discussed, it looks like we inadvertently missed the Maxwell Unified School District letter in the Record of Proceedings posting on our website and in the 10-day notification of the Final EIR/EIS. I suspect this error occurred as the ICF team unfortunately categorized this as an individual and not as an agency – so neither one of us noticed this as we were making the notification.

Please send me the letter ASAP and I will get a notification out to the School District. Please all get this into the Admin Record folder and work with Quin to get it up on the Records of Proceedings webpage on Monday (they are off today for Veterans Day).

Thank you!

Hi Quin,

We have an emergency situation – somehow we missed the attached letter during our upload of the RDEIR/SDEIS comments. We need to get this posted to RDEIR/SDEIS Comment Letters under the Local and Regional Agencies subheading as soon as possible.

Thank you,

Laurie
