Categories: Record

Nope. Go ahead. We have gone above and beyond on noticing and have complied with the PRC requirements. Them published on day 11 is fine as this publishing is not required and more just to make sure we are getting the notice out to a wide group. We are well beyond the minimum requirements and them publishing on day 11 is fine.

Hi Ali,

We finally heard from Red Bluff Daily News—our email was caught in their spam folder—but with the lost time, the soonest they can publish the ad would be the 17th which is one day shy of our 10-day requirement. Is that ok?

We will move forward with getting all the paperwork together just in case, but let me know if this is a major issue.

Thanks!
Quin

Hi Ali,
The new section and language are now added to the Environmental Review page!

Quin – Lets just use the same language from the newspaper notices.

Add here: <https://sitesproject.org/environmental-review/> Below the CEQA Record of Proceedings. Add a new heading similar in format to the CEQA Record of Proceedings. And then insert the same text from the newspaper notices.

This all can be posted on Monday.

Thank you!!

Ali

Wonderful! Thank you all.

Please post proof of posting on SharePoint when you get it. I will need proof in the admin record, so hopefully we'll have proof of posting by 11/17 so I can get all the info into the record.

Hi everyone,

We've also placed ads in the following papers:

- Tri-County News: Glenn County Transcript, Colusa Sun Herald, Corning Observer
- Appeal-Democrat
- Woodland Daily Democrat
- Record Searchlight
- Sacramento Bee
- Chico Enterprise Record/Oroville Mercury Register
- Pioneer Review

All publication dates fall within the required ten days—the latest being November 16th.

We received a response from Red Bluff Daily News that they received our ad request and that they were processing it, but have not yet received confirmation of ad placement despite multiple follow-up emails and calls. We will keep trying!

Thank you!

Quin

Yes. I double checked this today to make super sure. It is a really, really odd noticing requirement. But this is what is required.

I will say that we are going above and beyond by sending both the landowner post card and doing the newspaper notices. But this is what we did for the RDEIR/SDEIS, so I have directed Katz to do both here also.

I assume this notice meets the distribution and content requirement specified in SB149 as follows. Please confirm. It just seems odd that something like this would show up out of the blue in your mailbox. There's context for it or anything.

The public notice shall be distributed by the lead agency as required for public notices issued under paragraph (3) of subdivision (b) of Section 21092.

Hi all – Lets go ahead and go with the landowner postcards and the newspaper notices. These need to be posted / sent with 10 days of yesterday, so if we can get these moving today – that would be great!

Hi all – I reviewed the landowner postcard and the newspaper notice. I made only a small change to each. These are ready to go.

Jerry - I wasn't anticipating getting these out until the legislature confirmed final certification. But I feel like these should go out now. Do you want to check with anyone to make sure on the timing of these? These are required to be send within 10 days of "certification" by statue, so I want to make sure we get this right.

Hi Kevin and Ali,

We drafted the materials for the SB 149 noticing and announcement, and they are ready for your review.

- [SB 149 Press Release DRAFT.docx](#)
- [SB 149 FAQ DRAFT.docx](#)
- [SB 149 Landowner Postcard DRAFT](#)
- [SB 149 Legal Notice DRAFT](#)

For the legal notice, we're assuming we can just include a link to Chapter 7 of the Public Resources Code, like the postcard. Please let us know if you have any questions or feedback!

Thanks so much,

Quin
