Castaic Lake State Recreation Area is a reservoir of the State Water Project. It is one of the Project's largest recreational lakes and the terminal of its west branch. The site includes 29 miles of shoreline. A major attraction is the 425-foot tall Castaic Dam.

Castaic Lake has two bodies of water. Lower lake is for non-power boating and canoeing. Swimming season on lower lake runs from mid-May to mid-September. Upper lake is for sailing, power boating, water and jet skiing, and fishing. The lake is stocked with bass, trout and catfish. Boat rentals and a tackle bait shop are available.

Other recreational activities include hiking, biking trails, picnic areas and playgrounds. Rental group picnic areas are available for up to 600 persons.

Location - Directions

The recreation area can be reached by exiting Interstate 5 at Hughes Lake Road, 41 miles northeast of downtown Los Angeles. From Ventura, it is 51 miles to Castaic Lake via Highway 126 and Interstate 5.

Latitude/Longitude: 34.5347 / -118.6108

Facilities/Activities

[Los Angeles County \(http://parks.lacounty.gov/Parkinfor.asp?URL=cms1_141677.asp&Title=Castaic%20Lake%20State%20Recreation%20Area\)](http://parks.lacounty.gov/Parkinfor.asp?URL=cms1_141677.asp&Title=Castaic%20Lake%20State%20Recreation%20Area) operates Castaic Lake SRA - please visit their website for additional information.
