Summary of County Agricultural Data

California's counties reported a decrease of 8.5 percent in the value of their agricultural production for 2009. Four counties reported agricultural production exceeding \$3.0 billion each and thirteen counties reported a value of production in excess of \$1.0 billion. Fresno continued as the leading county with an agricultural production value of \$5.37 billion, a decrease of 4.5 percent from the 2008 value. Tulare County was second in value of production with \$4.05 billion, a 19.4 percent decrease from 2008. Monterey had an increase of 5.4 percent in production to \$4.03 billion, moving the county to third in value. Kern's decrease of 10.6 percent dropped their value of agricultural production to \$3.61 billion, fourth in value.

Highlights of County Ranks and State Totals, 2009:

Milk and Cream	Tulare leads with over 27 percent of the State total
Grapes, All	Fresno leads, followed closely by Kern and Napa
Nursery Products	San Diego continues to lead with more than 24 percent of the total
Almonds	Fresno leads with more than 20 percent, followed by Stanislaus
Lettuce	Monterey leads with over 63 percent of the State total
Strawberries	Monterey and Ventura lead with more than 65 percent of the total
Cattle and Calves	Tulare is No. 1, followed by Fresno and Imperial
Tomatoes, Processing	Fresno leads with nearly 40 percent, followed by Yolo and San Joaquin
Flowers and Foliage	San Diego leads with over half of the State total
Rice (Excl. Seed)	Colusa leads with more than 25 percent of the total followed by Sutter and Butte
Alfalfa Hay	Kern leads with 12 percent, followed closely by Tulare
Walnuts (English)	San Joaquin leads with nearly 20 percent, followed by Butte
Broccoli	Monterey and Santa Barbara lead with more than 65 percent of the total
Chickens	Fresno leads with nearly 42 percent, followed by Merced and Stanislaus
Oranges	Tulare leads with over half of the State total

Notes to the Agricultural Commissioners' Data

The gross value of production published in this report includes all farm production, whether sold into usual marketing channels or used on the farm where it is produced. Values placed on pasture and range feed are included and fresh fruit and vegetable crop values are based on the Free-On-Board (F.O.B.) packed price. Values are recorded for all products grown during the calendar year, regardless of when they are marketed. *The County Agricultural Commissioners' Reports* also provide statistics on a broader range of commodities than estimates prepared by other agencies.

Because of these concepts, the State total for gross dollar values summarized in this report differs from the cash receipts to farmers estimated by USDA's National Agricultural Statistics Service, California Field Office. The larger total value reported by the agricultural commissioners results from the different definitions used in estimating total value of production rather than cash receipts to producers.

Some counties are now including timber as a part of their crop report, following the pattern set by the County Agricultural Commissioners' Association. Since it is not comparable to earlier county summaries, timber has not been made a part of the main tables of this summary. The total 2009 value of production reported by the counties, including timber, is \$41.5 billion, up slightly from last year. The total values, with and without timber, are shown in the "County Rank by Gross Value of Agricultural Production, 2008-2009" table on page 3.

California Timber Industry

California has more forest land than any state, except Alaska. California's abundant forests could provide nearly 100 percent of the state's demand for wood.

California's Leading Timber Counties, 2009 1/

Timber Rank	County	Timber Volume	Total Agricultural Value (Including Timber)	Timber Value	Timber Percentage of Total Agricultural Value
		<i>Million Bd. Ft.</i>	<i>\$1,000</i>	<i>\$1,000</i>	<i>Percent</i>
1	Humboldt	110,197	161,875	27,495	17.0 2/
2	Mendocino	43,801	130,466	12,316	9.4
3	Siskiyou	118,512	212,239	11,648	5.5
4	Shasta	100,061	100,545	7,032	7.0
5	Tehama	55,137	185,977	5,367	2.9

1/ Timber volume and value data are from the State Board of Equalization, Timber Tax Division.

2/ Data not received for 2009 for this report. Value obtained from previous year's report.

County Agricultural Commissioners' Reports

Copies of individual County Agricultural Commissioners' Reports may be requested or obtained directly from each County Agricultural Commissioner's Office. For your convenience, a listing is included at the end of this report. Many of the counties publish the reports on their web sites.

USDA's National Agricultural Statistics Service, California Field Office publications are available free-of-charge on the Internet at: www.nass.usda.gov/ca.

1/ Totals vary slightly from totals published by counties due to classification differences between county and State reports.

2/ Three County Agricultural Commissioners' Reports were not available at publication so 2003 data (last available report) was used for Trinity County, while 2008 data was used for Humboldt and Modoc counties for this report.

1/ Three County Agricultural Commissioners' Reports were not available at publication so 2003 data (last available report)

was used for Trinity County, while 2008 data was used for Humboldt and Modoc counties for this report.

2/ Includes trees, shrubs, vines, bedding plants, bulbs and turf not included in flowers and foliage.

3/ Includes cut flowers, potted plants, foliage plants and indoor decoratives.

4/ Total is less than one-tenth percent of state total.

1/ The data rankings were extracted from County Agricultural Commissioners' Reports where published. Those not ranked by the counties were ranked by USDA's National Agricultural Statistics Service, California Field Office. Timber was omitted in rankings.

Three County Agricultural Commissioners' Reports were not available at publication so 2003 data (last available report) was used for Trinity County, while 2008 data was used for Humboldt and Modoc counties for this report.
