Subject: School bus routes

Spoke to the receptionist who asked me if this was about the Sites reservoir and I confirmed that it was. She then told me that Sites would flood the school bus route. She, however, put me through to Ken Azevedo ext 12145. I left Ken a message.

3/16/11 – Called again and when I didn't get through to Ken, I called the district's other number (530-438-2052). Got through to the voicemail of a Danielle Wilson, receptionist. However, she was out of the office. I left her a voicemail message.

3/23/11 – received a fax from Ken Azevedo that shows the school bus route on a map.
