Debra McMillan called me after she heard that I was looking for information on the number of full time personnel at the Glenn Medical Center from Suzanne Ness, Regional Vice President of the Hospital Council of Northern and Central California – Northern Sierra (website: <http://www.hospitalcouncil.net/cgi-bin/default.asp?AID=67>). Debra left me a vm message telling me that the medical center had 102 full time personnel.

I called Debra back to get a breakdown of different categories of staff but didn't get her so left her a vm message asking her what were the numbers of registered nurses (RNs), licensed practical nurses (LPNs), licensed vocational nurses (LVNs)? Debra returned my call and said that the 102 full time personnel included RNs, LPNs, LVNs, etc.
