Our waterfowl hunting properties are set in the heart of the duck hunting country, the northern Sacramento Valley! Our ability to maintain guide blinds in strategic locations throughout the Sutter Basin, Richvale and Colusa Areas gives us an advantage to track hot spots making sure our clients are given the greatest opportunity to have a successful hunt. Thousands upon thousands of migrating waterfowl migrate through our properties each season. The abundance of flooded grain fields in our hunting inventory as well as our natural marsh habitats each provide the ideal setting for a fantastic hunt. Whether you are hunting ducks on our wetland properties or geese in our dry rice fields, your hunt is sure to be a memorable outing from start to finish.

All of our guide blinds are well maintained, clean and very roomy and each blind is fitted with a roller top to help conceal hunters and provide the utmost comfort. Our team works hard to successfully camouflage our blinds and maintain their concealment throughout the season and each blind is rigged with no less than 500 – 750 high quality decoys.

We pride ourselves on the quality and professionalism of our team of guides. All are hand selected and know what it takes to provide a high quality hunt! Each and everyone of our guides is an accomplished duck and goose caller working with some of the best retrievers in the business. They know the tricks of the trade when it comes to any type of waterfowl species that may be encountered on your hunt. Quality hunts and client success are the backbone of our business!

Our guided waterfowl hunts are conducted seven days a week over the course of the waterfowl season. A California Hunting License is required as well as the appropriate duck stamps.

2019 Waterfowl Hunting Rate is \$250 per person.

50% Deposit Required upon date reservation.
