

Office of Emergency Services (OES)

The Yolo County Office of Emergency Services (OES) is the emergency management agency for Yolo County. OES coordinates the county government's response to disaster or other large scale emergencies. This website provides resources and instructions as to how you can protect yourself and your family before, during and after an emergency.

Each year OES is involved in multiple projects to enhance the preparedness, response, recovery & mitigation efforts throughout the County. Check out one of our Annual Reports to see what we've been up to:
