Demographics

Census Day Enrollment

Colusa
CDS Code 06-00000-0000000

[Chart Notes](#) [Source](#)

This graph displays the primary enrollment for this county including all charter schools. Census Day Enrollment is measured by counting the number of students enrolled in school on the first Wednesday in October. Note: Prior to 2020-21, these counts did not include short-term enrollments. Tip: Use the menu above the graph to view the data by race/ethnicity, student group, gender and whether students are enrolled in a traditional district school or in a charter school.

Cumulative Enrollment

Colusa
CDS Code 06-00000-0000000

[Chart Notes](#) [Source](#)

Note: Cumulative enrollment will be updated with end-of-year data. This graph displays the cumulative enrollment for K-12 public schools in this county. Unlike the Census Day Enrollment data in the graph on the left, which are recorded in October of each school year and exclude short-term enrollments, Cumulative Enrollment counts are collected at the end of the year and consist of the total number of unduplicated primary and short-term enrollments within the academic year. Cumulative enrollment is used to calculate rates for absenteeism, suspension and expulsion. NOTE: Because they are two separate data collections and intended for different purposes, Enrollment and Cumulative Enrollment

Unduplicated Pupil Count of Free/Reduced-Price Meals, English Learners & Foster Youth

Colusa
CDS Code 06-00000-0000000

[Chart Notes](#) [Source](#)

This graph shows the students in this county who were English Learners, Foster youth, or eligible for free/reduced price meals when enrollment counts were taken. Each student was counted only once. Notes: 1) These counts include both primary and short-term enrollments; however, for years prior to 2020-21, short-term enrollments are not included in the overall enrollment data for this district. Short-term enrollment is a specific enrollment status restricted for use by Educational Options schools for enrollments 30 days or less. 2) The total unduplicated count is a starting point for calculating supplemental and concentration grants under

CDS Code 06-00000-0000000

[View Table Data](#)

[Chart Notes](#) [Source](#)

This graph displays the number of students in this county who were classified as English Learners when enrollment counts were taken. Use the # % button at the top of the graph to toggle between counts and percentages. (Note: The 2019-21 statewide English learner counts do not include 405,018 students from 413 districts and independently reporting charters that did not certify their EL data. The actual number of EL students in California that year remained approximately a quarter of all students. When using data for this county, review the list of not certified LEAs posted on CDE's website to determine the number of LEAs from this county that failed to certify and

English Language Acquisition Status

Colusa

CDS Code 06-00000-0000000

[View Table Data](#)

[Chart Notes](#) [Source](#)

This graph displays English learner students in this county by their English language acquisition status.

State and federal law require that all students whose primary language is other than English be assessed for English language proficiency. Students who are identified English learners stay in that category until they achieve district-specified scores on state English language proficiency assessments and meet other academic criteria. At that point, the district labels the student as **Redesignated Fluent English Proficient (RFEF)**.

Redesignated Fluent English Proficient

Colusa

CDS Code 06-00000-0000000

[View Table Data](#)

[Chart Notes](#) [Source](#)

Note: Beginning in 2021-22, RFEF data will be reported as part of the end-of-year data collection. This graph displays the students in this county who were redesignated as Fluent English Proficient (RFEF) each year. Students are redesignated when they achieve district-specified scores on state English language proficiency assessments and meet other academic criteria. The RFEF percentage is calculated by dividing the number of English learners reclassified since the prior year's Census Day by the English learner counts from the prior year.

Languages of English Learners

Colusa

CDS Code 06-00000-0000000

[View Table Data](#)

[Chart Notes](#) [Source](#)

A total of 2,555,951 California public school students (English Learners and Fluent English Proficient) speak a language other than English in their homes. This number represents about 42.8 percent of the state's public school enrollment. This graph displays the number of students speaking each of the top five non-English languages in this county. The percentages in the graph refer to the percent of all students in the county who speak each language. The "All Other" category encompasses all languages spoken that are not included in a grade-by-grade list of the more than 65 languages reported by California schools. The list of all languages spoken is available on DataQuest. For more

Foster Youth Count

Colusa

CDS Code 06-00000-0000000

[View Table Data](#)

[Chart Notes](#) [Source](#)

This graph presents the count of students in this county who met the definition of foster youth when enrollment counts were taken. **Notes:** 1) Foster youth counts include both primary and short-term enrollment. However, short-term enrollments are not included in the overall enrollment data for the county. 2) Foster youth counts for this graph come from the California Department of Education's Unduplicated Pupil Count file and may vary slightly from the counts in DataQuest. 3) The foster youth count in 2019-20 is based on a one-time match between the California Department of Social Services (CDS) and CALPADS data; however, the match process in

Ethnic Diversity

Colusa

CDS Code 06-00000-0000000

[View Table Data](#)

[Chart Notes](#) [Source](#)

This graph displays how much racial/ethnic diversity there is among the students enrolled in this county. The Ethnic Diversity Index reflects how evenly distributed these students are among the race/ethnicity categories. The more evenly distributed the student body, the higher the number. A school where all of the students are the same ethnicity would have an index of 0.
