Hi, Andrew

I am working on it now and should have the notes field completed this week.

Thank

janis

**Subject:** Update request on resource layer notes

??

Janis and Christiaan,

??

I???m looking for a status update on the cultural resource notes. We have a monitor currently out in the field who has insufficient information.

??

Let me know if you have any questions. I???m hoping this gets done right the first time.

??

Thank you,

??
